## RT HOSE

Rubber-like look and feel enhances flexibility while maintaining durability and cost efficiencies of PVC.

### POTENTIAL USE:

- Multipurpose applications
- Air & water (up to 150° F)
- Pneumatic tools
- Air service for painting equipment
- Coolant lines

### FEATURES:

- UV & Ozone Resistant
- Non-Marking Cover
- Lightweight
- Long continuous lengths
- Silicone free tube & cover
- Chemical resistance of PVC
- Meets RMA (Class B) oil resistance

### CONSTRUCTION:

- **Tube:** Specially Formulated PVC Compound
- **Reinforcement:** High Tensile Strength Textile Cord
- **Cover:** Specially Formulated PVC Compound

**TEMPERATURE:** -15° F (-26° C) to +150° F (+65° C) continuous service

**BRANDING:** Flex-Tech RT Multipurpose - 3/8" ID  
300 psi W.P. (2.1 MPa) Made in USA
